- Water & waste water management & construction
- Telecom & Infrastructure.
- Interior Decoration & Development

T.B.P.L, group specialized in integrated projects, building on its multidisciplinary

approach and skill of our employees & engineers. We have carried out many projects drawing on our integrated expertise in projects planning & development, engineering.

We are able to undertake projects on turnkey basis or using out sourcing or concession arrangement. Depending on the client's need, T.B.P.L. experts can also assist in specific projects phases, either on a traditional basis or under a management or EPC agreement.

More over special attention is paid to quality. More over, operating flexibility and adopting to client requirements have always been top priorities for T.B.P.L. however narrow or broad the scope of the projects entrusted to us, we have the reputation of completing our assignment successfully, delivering solutions that meet clients needs in compliance with performance, budget and time constraints. We operate as your partner in meeting the planning and construction challenges of today and will perform our mandates in accordance with the highest quality standards.

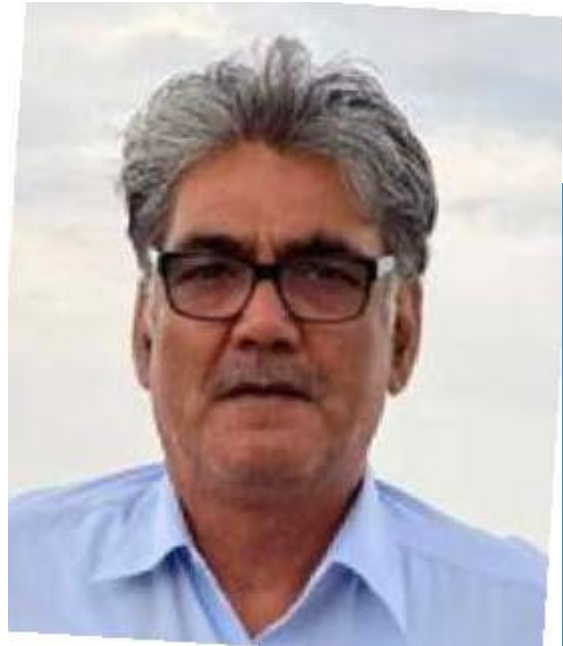

Chairman Message

As Chairman of Shree Kanak Buildtech, I am proud to reflect on our four decades of excellence in turnkey construction projects. Our unwavering commitment to quality and innovation in commercial and interior works has earned us the trust of our clients and partners. We continue to strive for unparalleled standards, transforming visions into reality with every project. Thank you for your continued support and confidence in Shree Kanak Buildtech.

Sincerely,

Mr. Subhash Chand Sharma
